

Kitchen Volunteer

Job Description

- Breakfast is set out before the door opens at 8:00 am and cleared at 10:30 am. Guests should give the kitchen volunteers a ticket in order to receive breakfast.
- Staff members decide which foods, and in what amounts, will be served each day for each meal. On some days, we may need to reserve food for tomorrow.
- Our guests enjoy access to the coffee counter, the guests' refrigerator located under the coffee bar, and the guests' microwave. Coffee and cold drinks will need to be replenished many times throughout the day. We also try to keep the guests' refrigerator stocked with individually-wrapped foods. Please keep this area clean, including the microwave and the refrigerator, and discard food as necessary.
- Fifteen minutes before each Bible study, check the coffee, drinks and other supplies, and replenish as necessary.
- Please keep conversations quiet during Bible Study.
- Lunch arrives around 11am and is served beginning at 11:30am. Guests should give the kitchen volunteers a ticket in order to receive lunch. The kitchen closes at 1:30 pm. A blessing is said before lunch is served.
- If a guest arrives after the lunch hour because he/she has been at work, or an exception otherwise seems called for, have the guest speak with a staff member.
- The food we serve is for eating in The Lamb Center, not for carry-out. Guests should not leave The Lamb Center with a plate of food from our buffet. We serve food in order to enjoy common meals at a common table. Allowing our guests to carry-out plates of food compromises our ministry and may end up littering our neighbors' property. A staff member needs to approve any exceptions.
- As you clear the serving table at 1:30 pm, discard all food that has been served except for desserts, wrapped sandwiches and fruits.
- Notify a staff member if you are running low on cups, plates, plasticware, etc.
- The countertops will need to be cleaned many times during each shift. The floor in these areas may need to be swept throughout the day.
- After the kitchen closes wash the dishes and clean the kitchen counters including the coffee urns, stands, and ice bucket.
- Please remember to store all kitchen equipment with the corresponding labels.
- Guests are not permitted in the kitchen.
